

CHAPTER VI

CONCLUSSION AND SUGGESTION

This chapter presents the conclusion of the study and suggestion. Conclusion summarizes the result of the research based on the research problems. So, it summarizes about the practice of teaching speaking at SMP Islam Al Azhaar Tulungagung, the factors contributed to the successful of teaching speaking at SMP Islam Al Azhaar Tulungagung, students' problem in the practice of teaching speaking at SMP Islam Al Azhaar Tulungagung and how the teacher overcomes it.

A. Conclusion

Based on the result of the study based on the research problem, the researcher concludes that:

1. Speaking can be learned and improved by practice inside and outside of class. So the students can use English in many time and make it easy to improve speaking skill.
2. The practice of teaching speaking in the classroom can be affected by the material, media, technique and evaluation. It is found that to support the effectiveness of teaching English, especially in teaching speaking, the teacher not only uses one book from government, but also uses other book from companies as reference and workbook. So, the English teacher uses three kinds of English books from different publisher, that

are textbook from *kemendikbud RI*, work book from government agencies and handbook from curriculum development at the school. In addition, media used by the English teacher in teaching speaking included audio media, visual media, audio and visual media.

3. Besides using material and media to support the effectiveness in teaching speaking, the teacher also uses some techniques in teaching, such as students' presentation, oral interview, reporting and describing picture.
4. For the evaluation, the teacher uses rubric to assess students' performance, and get a final score from combination of values of students' speaking performances, and then takes a mean of score.
5. Besides teaching speaking in the classroom, it is needed other activities in learning speaking. SMP Islam Al Azhaat are conducted activities to improve speaking skill, such as English weekly meeting, English camp, study club and exam presentation. Those activities of SMP Islam Al Azhaar drilled the students to be confident, having motivation and anxiety. In addition, SMP Islam Al Azhaar also provide program about the English patterns that can give explanation of grammar, such as in study club, so the students can speak up correctly.

B. Suggestion

The researcher gives some suggestion according to the result of the study about teaching and learning speaking as follow:

1. For the language learner

For the language learner, they should understand that mastering speaking is very important, because the function of language is for communication. They should try to practice speaking more and more, so that their ability can be improved. In addition, study about theory is also needed, so that the message can be understood correctly by the listeners.

2. For the English teacher

For the English teacher, they should be more creative to make teaching speaking technique. So, the student will enjoy to the practice speaking well. Give them more opportunity to speak up in the classroom and outside is also needed to habituate speaking. Finally, the result of teaching speaking will be very good and students' ability will be improved.

3. For the school

For the school, teaching speaking in the classroom actually is not enough to improve students' speaking ability. It is needed other program which can contribute to the successful of teaching speaking. So, the school should aware to prepare the program to develop students' speaking skill.
