

## CHAPTER V

### CONCLUSION AND SUGGESTION

In this chapter, the research discusses conclusion and suggestion.

#### A. Conclusion

Based on the finding from the discussion, it can be seen that the statistical analysis using SPSS 16.0 shows that the value of  $t_{\text{count}}$  is 3.352 and the significant value is 2.005. The interpretation on chapter IV stated that -  $t_{\text{count}} < - t_{\text{table}}$  or  $t_{\text{count}} > t_{\text{table}}$  so  $H_0$  is rejected. The result of computation is  $-3.352 < -2.005$  ( $3.352 > 2.005$ ) while the significance value  $< 0.05$  ( $0.004 < 0.05$ ), so the null hypothesis ( $H_0$ ) is rejected and the alternative hypothesis ( $H_a$ ) is accepted.

Therefore, after calculated using statistical test indicating that teaching writing narrative text using hand puppet are effective. The researcher concluded that hand puppet can be an appropriate media that can be used on the students' achievement in writing narrative text at the eighth grade of MTs Darul Huda Wonodadi in academic year 2016/2017.

#### B. Suggestion

The finding of the research score shows that there is significance difference on the students' score before and after they are taught by using hand puppets as media. Some suggestion are addressed to the students university, English teachers and future writer, as follows:

### 1. For the Students University

By using hand puppets as media, the students can improve their achievement in writing. The students are suggested to follow up the writing by using the media in their study. The students would be active and independent in classroom. The media help the students become active in learning English. It is hoped that the students can increase and improve their achievement in writing. So, the use of media in teaching learning process is important.

### 2. For the English Teacher

In order to succeed in teaching English, teacher must more creative to create enjoy situation in the classroom. The teacher of English especially in writing class should keep and hold condition and situation of class conducive in teaching learning process, so the students will get encouragement to practice the English. They can support the learner in writing through the usage of media which can stimulate their learners.

### 3. For the Future Researcher

This research is not perfect yet, it is suggested for the future researcher to conduct further research on the similar area by improving the methodology or use it as reference to conduct a further research related to the use of hand puppets as media in different area of teaching. This study is very important because it will give some knowledge to the researcher and to know the benefits of using this media in teaching English especially in teaching writing.
